Begrunnelse fra søker

Det er planlagt tilbygg på eksisterande hytte. Dagens hytte er også plassert nær hovudveg, og tilbygget endrar lite på dette. Då tilbygget er i forlenging av dagens hytte. Slik sett endrar dette ikkje på forhold som gjeld vegen, slik vi oppfattar det. Som vedlagt basiskart viser er det lite som endrar på dette. Ved bygging av hyttetilbygg vil det verte tatt omsyn til støy i prosjektetering av ny konstruksjon. Soleis vert det betre for tiltakshavar i forhold til ev oppfatting av støy innvendig av fritidsbustad.

Det er gjeve dispensasjon frå avstand til veg for anna hytte i nærleiken: 21/918.

Oversending av vedtak – klage på vedtak om avslag på søknad om dispensasjon frå byggjegrænse mot fv. 7 på gnr. 21 bnr. 918, Kvam herad

Klagenemda i Hordaland fylkeskommune fatta i møte 21.06.2018 følgjande vedtak:

Klaga vert teken til følgje. Klagenemnda viser til at SVV sine vurderingar knytt til kommuneplanen allereie er vurdert av kommunen og at dei har gitt tillatelse. Tilbygget vil heller ikkje utgjera vesentleg endring frå dagens situasjon.

Sjå vedlagte utskrift av møteprotokoll for meir informasjon.

Klagenemda har gjennom sitt vedtak gjeve dispensasjon frå byggjegrænse mot fylkesveg 7 som omsøkt.

Statens vegvesens si avgjerd og fylkesrådmannens innstilling, var at dispensasjon ikkje skulle ha vore gjeve. Spørsmålet om standardvilkår dersom dispensasjon skulle verte gjeve, har difor vore hypotetisk og difor ikkje omtala i saka. Klagenemda konkluderer med at dispensasjon vert innvilga, men me har ikkje grunn til å tru at klagenemda har meint at klagar skulle tilgodesjåast ytterlegere ved å få ein dispensasjon utan dei vanlige standardvilkår. Slike standardvilkår vil også ha ein faglig tilknytning som bør vurderast av relevant fagmyndighet.

Statens vegvesen tolkar difor klagenemdas vedtak slik til at dispensasjonen er gjeve på like vilkår som Statens vegvesen sjølv nyttar ved dispensasjon frå byggjegrænse i medhald av veglova §§ 30 og 34.

Dispensasjon er difor gjeve med desse vilkåra:
