6th Baltic Sea Region Cultural Heritage Forum

From Postwar to Postmodern – 20th Century Built Cultural Heritage

28–30 September 2016 in Kiel, Germany

It is high time to claim the cultural historic values of the postwar and late 20th century built cultural heritage as this is at risk due to extensive social changes and ongoing urban and rural development. The conference *From Postwar to Postmodern – 20th Century Built Cultural Heritage*, the 6th Baltic Sea Region Cultural Heritage Forum, aims at raising awareness of the historical legacy and the existing values in the built heritage from this period in a Baltic Sea Region context.

The conference is organized in close cooperation between the National Heritage Boards in the Baltic Sea Region and is arranged by the Swedish National Heritage Board and the Federal State of Schleswig-Holstein and takes place in Kiel, Germany, 28-30 September 2016. Welcome to make your registration on the website: <http://www.kiel-heritage-forum-2016.eu/>

For continuously updated information on the conference program, presentations of the lecturers and further information about the event, like us on Facebook: <https://www.facebook.com/frompostwartopostmodern/>

Please tell others about the conference. If you use Twitter you can use the hashtag **#20thheritage**.

Welcome!
