

FRIENDLY INTERNATIONAL CONSULT

BUILDING BRIDGES FOR THE FUTURE

International Scope

Friendly International Consult is committed to the development and growth of partner regions. Through our extensive international network, FIC has built a knowledge base and contact network in China, Russia, the United States, and Europe – effectively spanning the major commercial regions of the world.

Proven Expertise

With over 90 years of combined experience in leadership, management, and business development, FIC is well placed to bring our international relations expertise to our clients and partners. We are eager to collaborate, learn, and develop, thereby making a meaningful impact on your international business.

Regional Focus

Friendly International Consult will focus on developing projects in areas of importance for our partners and clients. We will cooperate closely with local resources, the relevant partners, and our clients to lay the groundwork for successful projects of local, regional, and national scope.

Project Development and Support

Friendly International Consult will bring its proven project development expertise to partners and clients, collaborating with them to shepherd projects to successful completion. We will provide coaching and management services, advice, and networking support.

Erling Dahl

Partner and Chairman of the Board

With over 20 years' experience in political and public office, Erling has proven organizational leadership skills in politics, sports, and community life. Erling remains politically active, both locally and regionally.
