Invitation to Hordaland Cultural Conference 2017

Hordaland County Council has the pleasure to invite a representative from Archaeology Scotland to hold a presentation about the Adopt-a-Monument project at The Hordaland Culture Conference.

The conference is an annual event. This year the conference will take place in the city of Bergen on the 16th of November. It is an important arena in Hordaland for addressing cultural issues and cultural governance. Hordaland County Council is hosting the conference and has been doing so since the 1970's.

The theme for this year's conference will be: How to raise participation and promote equal opportunities in the cultural sector?

As we are familiar with the Adopt-a-Monument project and its achievements, we believe this to be a brilliant example of successful outreach with local communities. We, therefore, sincerely hope that you can come to our conference and share your experiences with the Adopt-a-monument methodology with us. The presentation should be about 30 minutes long.

Hordaland County Council will cover your accommodation and travel expenses.

We are looking forward to hearing from you soon.

For more information, please contact Elisabeth Bjørsvik, elisabeth.bjorsvik@hfk.no
