SPORTS FLOORING VINYL SPORTS FLOORING GRABOSPORT ELITE

GRABOSPORT ELITE

general design and the combined foam backing, graboSport Elite protects athletes' joints and cartilages during sport, training, game or competition.

The patented **TECH Surface top layer** ensures durability and easy maintenance of the floor covering.

Along with excellent functionality, it is famous for **optimal slip resistance** that helps to prevent accidents caused by either a too low, or a too high coefficient of friction.

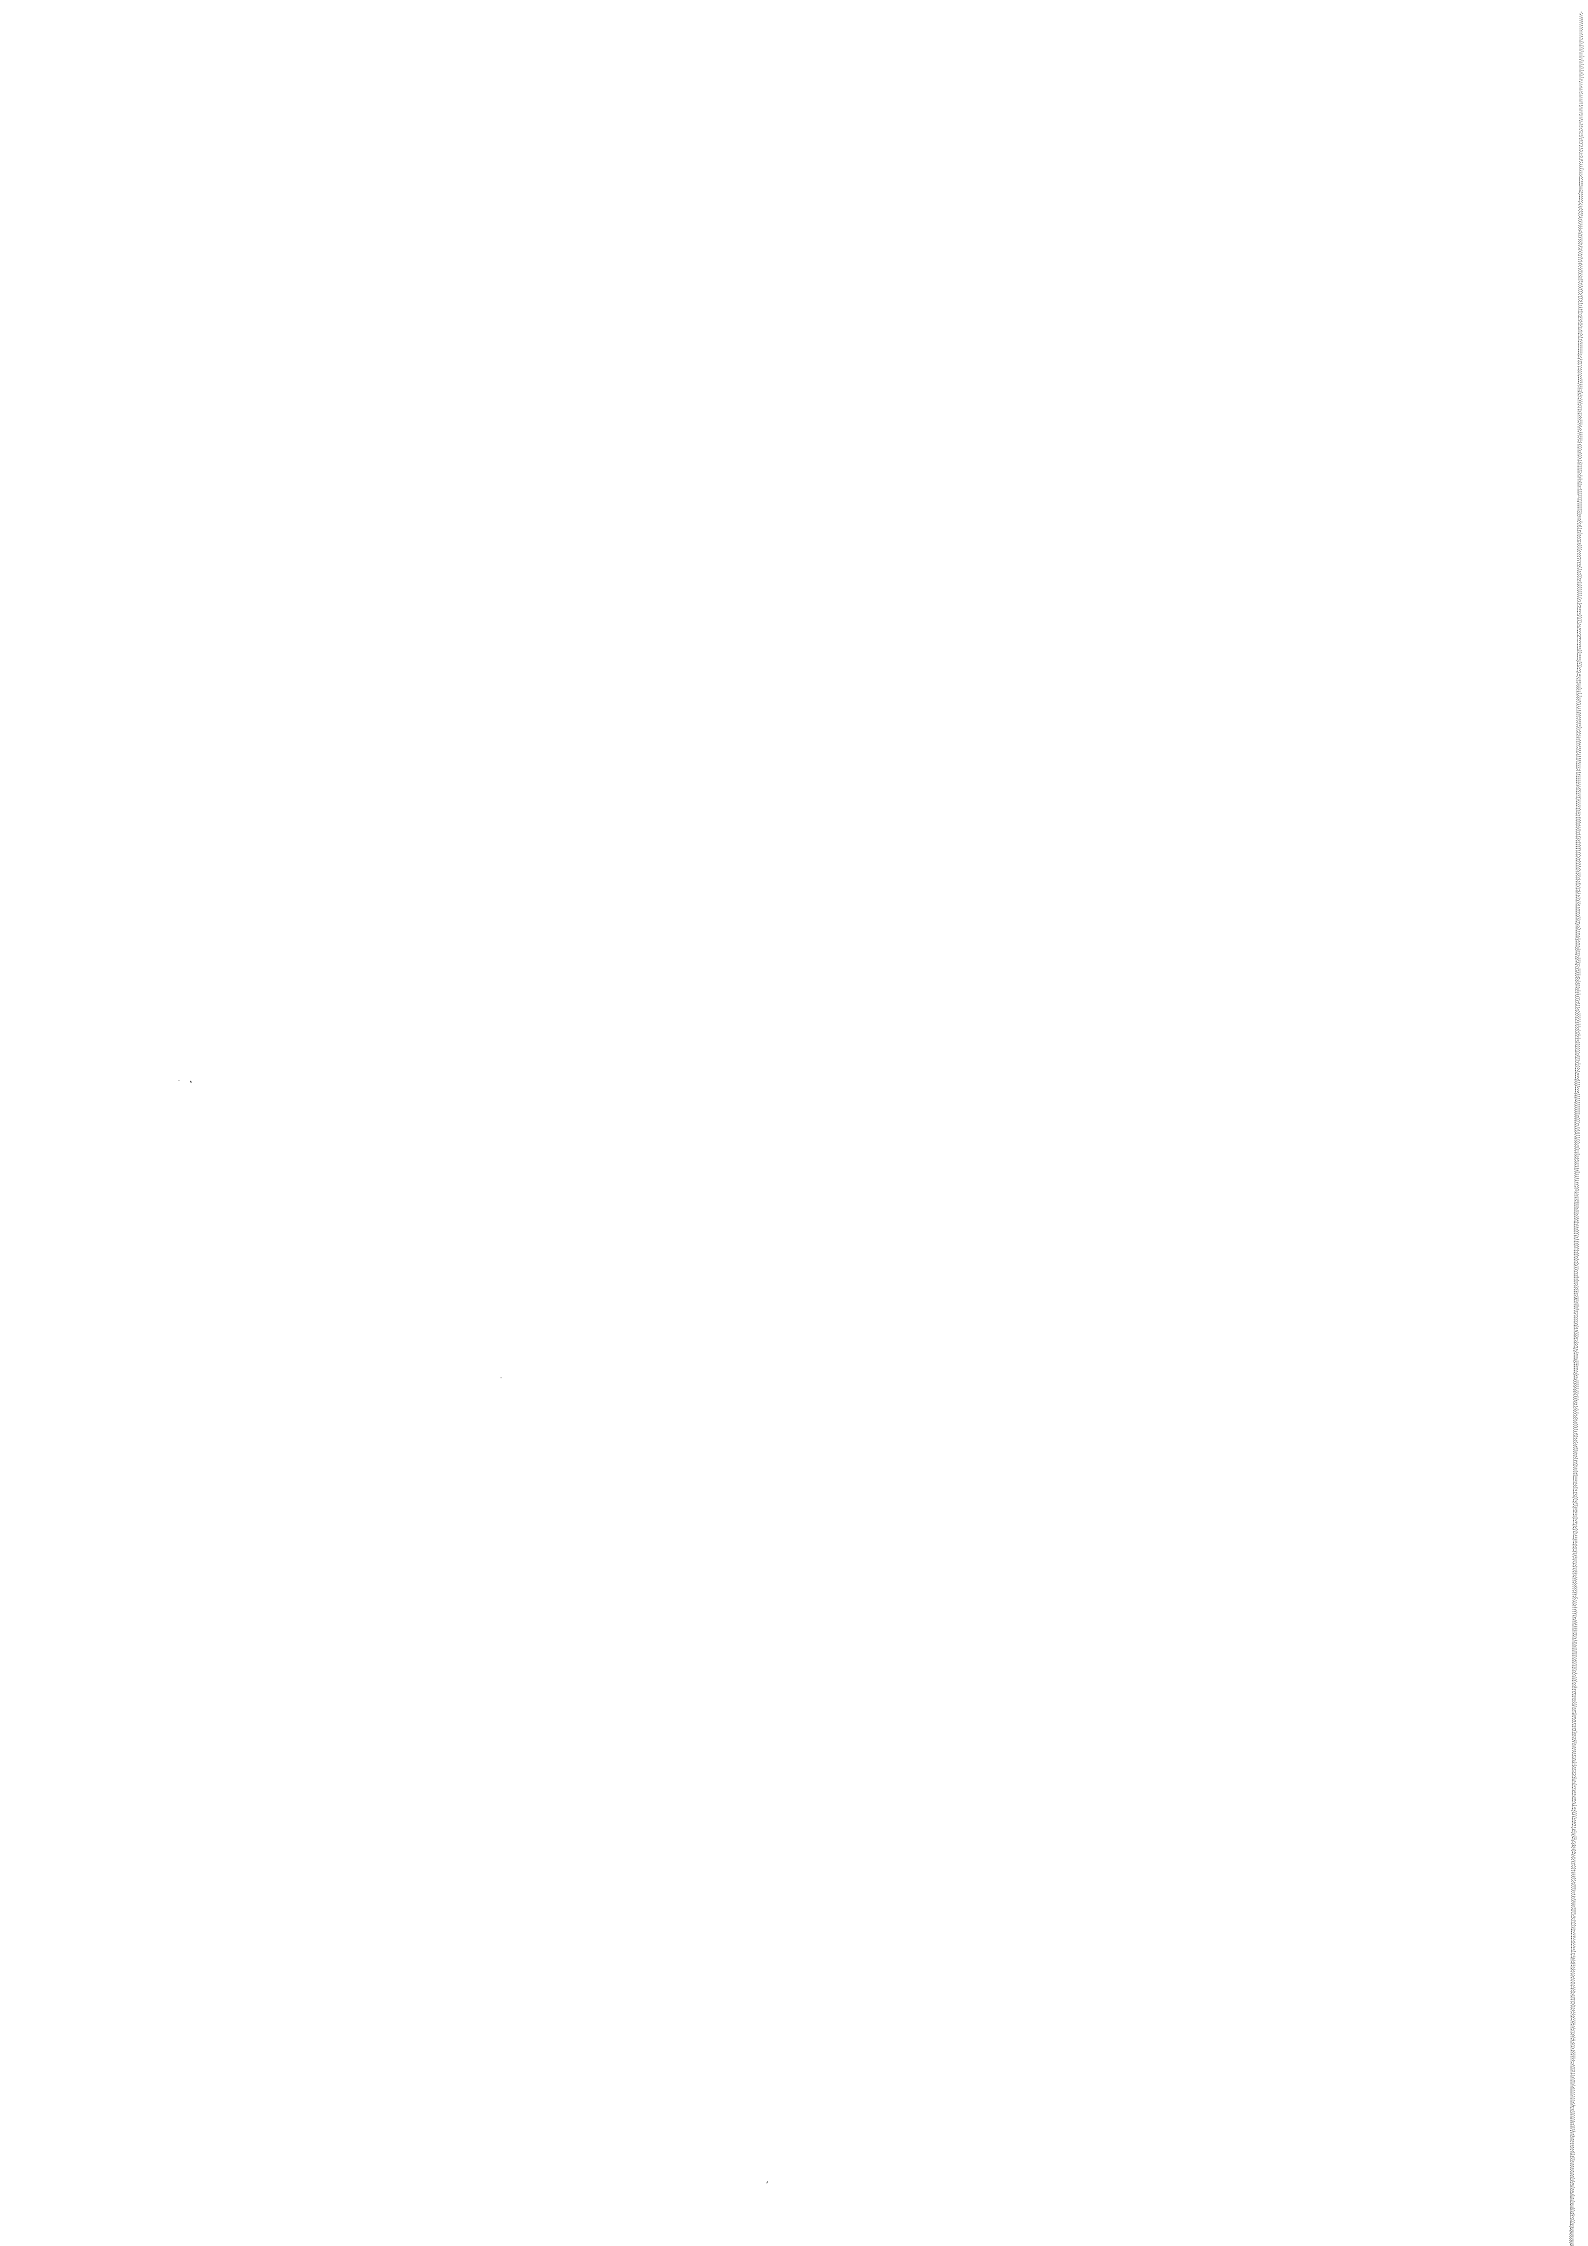

GraboSport Elite is a point elastic sports flooring fully compliant with the requirements of **EN 14904**.

FIBA CERTIFICATE (PDF)

RECOMMENDED APPLICATION AREAS:

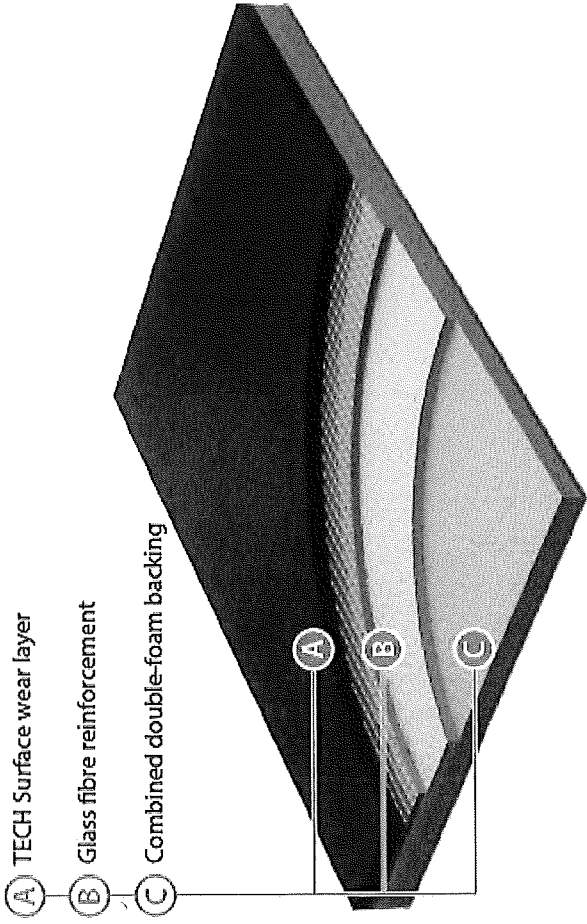

- Multi-sports school gyms
- School gyms
- Aerobic halls
- Yoga studios
