Next MRG meetings

The province of Flevoland has kindly invited the members of the MRG to their region for the meeting in April 2018. Preliminary dates are 18 - 20 of April 2018.

- The proposal is to try to combine the MRG meeting with the NorthSEE Partner Meeting which happens to take place in the Netherlands in the exact same week. This would enable MRG members to participate in the Maritime Spatial Planning debate. See options below.
- Discuss whether this option is logistically smart (Partner Meeting is on the isle of Texel). See map below.
- The MRG will be organised lunch to lunch with a seminar on the Future of Fisheries on the second day of the MRG.

- Details will follow.
